- Two teenage girls **were sitting** on a bench.

## Ergonomics

43. Ergonomics is the science of \_\_\_\_\_ workplaces and tools to fit the users' needs, promoting comfort, efficiency, and safety.
- Ergonomics is the science of **designing** workplaces and tools to fit the users' needs.
44. \_\_\_\_\_ ergonomic practices can significantly reduce the risk of injuries, such as repetitive strain injuries, back pain, and musculoskeletal disorders.
- **Proper** ergonomic practices can significantly reduce the risk of injuries.
45. Proper ergonomic practices significantly \_\_\_\_\_ the risk of injuries.
- Proper ergonomic practices significantly **reduce** the risk of injuries.

## Antonyms and Synonyms

46. What is the antonym of 'floor'?
- **Ceiling**
47. What is the antonym of 'top'?
- **Bottom**
48. What is the synonym of 'maintain'?
- **Keep/Preserve**
49. What is the antonym of 'short'?
- **Long/Tall**
50. What is the synonym of 'allow'?
- **Permit**
51. What is the synonym of "adjust"?
- **Adapt/Modify**

## Computer Types

52. What type of computer is primarily used for gaming but can also perform other functions?

- **Gaming consoles**

53. Which type of computer is designed for technical or scientific applications?

- **Workstations**

54. What is the main function of servers?

- **To provide data and services to other computers**

55. Which type of computer is known for its reliability and is used by large organizations?

- **Mainframes**

56. Supercomputers are primarily used in which of the following fields?

- **Scientific research and weather forecasting**

57. Touchscreen \_\_\_\_\_ are highly portable and often used for browsing, reading, and media consumption.

- Touchscreen **tablets** are highly portable.

58. These stationary computers \_\_\_\_\_ typically \_\_\_\_\_ at home or in offices.

- These stationary computers **are** typically **used** at home or in offices.

59. Embedded Computers are specialized computers \_\_\_\_\_ into other devices, such as appliances, vehicles, and smartphones.

- Embedded Computers are specialized computers **built** into other devices.

60. Large, powerful computers used primarily by large organizations for bulk data processing, transaction processing, and critical applications.

- **Mainframes**

## Conditionals (Zero Conditional)

61. What are "ice caps"?

- **Large areas of ice covering polar regions**

62. Can I go and play football, please, Mum?

- (This is a request, no fill needed)
- 63. When ice melts, it \_\_\_\_\_ water.
  - When ice melts, it **becomes** water.
- 64. If you eat too much sugar, you \_\_\_\_\_ feel sick.
  - If you eat too much sugar, you **will** feel sick.
- 65. If the temperature drops below 0°C, water \_\_\_\_\_.
  - If the temperature drops below 0°C, water **freezes**.
- 66. If you study hard, you \_\_\_\_\_ pass the test.
  - If you study hard, you **will** pass the test.
- 67. If you don't water a plant, it \_\_\_\_\_.
  - If you don't water a plant, it **dies**.
- 68. If you heat water to 100°C, it \_\_\_\_\_.
  - If you heat water to 100°C, it **boils**.

- (Need options to choose from)
120. Which sentence is incorrect based on the rules for verb patterns?
- (Need options to choose from)
121. He keeps \_\_\_\_\_ about his achievements.
- He keeps **talking** about his achievements.

## **Computer Storage and Hardware**

122. Which of the following is NOT mentioned as a feature of SSDs in the text?
- (Need the text and options to answer)
123. What is the primary disadvantage of cloud storage mentioned in the text?
- (Need the text and options to answer)
124. Which of the following correctly matches the storage type with its characteristic?
- (Need options to answer)

125. Choose the best answer. Computers that provide data, resources, or services to other computers over a network.
- **Servers**
126. Choose the best answer. Portable computers that combine all components into a single unit, making them easy to carry and use anywhere.
- **Laptops**
127. Choose the best answer. Touchscreen devices that are highly portable and often used for browsing, reading, and media consumption.
- **Tablets**
128. Choose the best answer. These are stationary computers typically used at home or in offices.
- **Desktop computers**
129. Choose the best answer. While primarily designed for gaming, these devices can also function as computers for internet browsing, streaming, and media playback.
- **Gaming consoles**
130. Choose the best answer. They are built to handle multiple requests simultaneously and are essential for \_\_\_\_\_ networks and websites.
- **running**

## **Computer Security**

131. Choose the correct answer. What is the main purpose of antivirus software?
- **To detect and remove malware**
132. Choose the correct answer. Why are regular updates important for antivirus programs?
- **To protect against new threats**
133. Choose the correct answer. How can users improve their computer security besides using antivirus software?
- **Use strong passwords and keep software updated**
134. Choose the correct answer. What does real-time protection do?

- **Monitors the system continuously for threats**
- 135. Choose proper answer. What can happen if a computer is not properly protected?
  - **Data loss, identity theft, system damage**

## Blog Writing

- 136. Choose proper answer. What is the first step in writing a blog post?
  - **Choose a topic**
- 137. Choose proper answer. Why is an outline important for a blog post?
  - **It helps organize ideas and structure**
- 138. Choose proper answer. What should the introduction do?
  - **Hook the reader and introduce the topic**
- 139. Choose proper answer. Why is proofreading important?
  - **To correct errors and improve quality**
- 140. Choose correct answer. How can you improve engagement in a blog post?
  - **Use images, ask questions, and write conversationally**

## Second Conditional

- 141. Choose the correct answer. If I \_\_\_\_ (be) you, I would accept the offer.
  - If I **were** you, I would accept the offer.
- 142. Choose the correct answer. If she \_\_\_\_\_ more money, she would buy a new phone.
  - If she **had** more money, she would buy a new phone.
- 143. Choose the correct answer. If we \_\_\_\_\_ in Paris, we would visit the Eiffel Tower often.
  - If we **lived** in Paris, we would visit the Eiffel Tower often.
- 144. Choose proper answer. If he \_\_\_\_\_ more, he would pass the test easily.
  - If he **studied** more, he would pass the test easily.
- 145. Choose proper answer. If they \_\_\_\_\_ their own business, they would be successful.

- If they **had** their own business, they would be successful.
- 146. Choose proper answer. If I \_\_\_\_\_ taller, I would become a basketball player.
  - If I **were** taller, I would become a basketball player.
- 147. Choose proper answer. If you \_\_\_\_\_ earlier, you wouldn't miss the bus.
  - If you **left** earlier, you wouldn't miss the bus.
- 148. Choose proper answer. If he \_\_\_\_\_ to the gym regularly, he would be in better shape.
  - If he **went** to the gym regularly, he would be in better shape.
- 149. Choose the correct answer. If I \_\_\_\_\_ more languages, I would work internationally.
  - If I **spoke** more languages, I would work internationally.
- 150. Choose the correct answer. If we \_\_\_\_\_ a car, we wouldn't have to take the bus.

- 155. Choose the correct answer. If he \_\_\_\_\_ a better job, he would be happier.
  - If he **had** a better job, he would be happier.

## Software

156. Choose the right answer. What does computer software do?
- **It provides instructions for hardware to perform tasks**
157. Choose the right answer. How is software commonly categorized?
- **System software, application software, and utility software**
158. Choose the right answer. What is the primary example of system software?
- **Operating system**
159. Choose the right answer. Which of the following is application software?
- **Microsoft Word, games, web browsers**
160. Choose the right answer. What does utility software do?
- **Performs maintenance and optimization tasks**
161. Choose the right answer. What is the role of system software?
- **Manages hardware and provides platform for other software**
162. Choose the right answer. What is an example of utility software?
- **Antivirus software, disk cleanup tools**
163. Choose the right answer. Which category of software includes specific task-oriented programs?
- **Application software**
164. Choose the right answer. Which is an example of Spreadsheet Application?
- **Microsoft Excel**
165. Choose the right answer. \_\_\_\_\_ is utilized for writing, testing, debugging, and developing other software programs.
- **Programming software** is utilized for writing, testing, debugging, and developing other software programs.

Men sizning savollaringizga javob beraman va ularni 166-raqamdan boshlab raqamlayman:

166. His approach is \_\_\_\_\_ hers.

- His approach is **similar to** hers.

167. The two solutions are \_\_\_\_\_ each other in effectiveness.

- The two solutions are **equal to** each other in effectiveness.

168. She is \_\_\_\_\_ for this task.

- She is **suitable** for this task.

169. He has \_\_\_\_\_ a lot of experience.

- He has **gained** a lot of experience.

170. The more I learn, \_\_\_\_\_ I realize I need to study more.

- The more I learn, **the more** I realize I need to study more.

171. What is the first stage in software development?

- The first stage in software development is **planning**.

172. Which stage involves creating the user interface?

- **Design** stage involves creating the user interface.

173. During which stage are bugs identified and fixed?

- During **testing** stage are bugs identified and fixed.

174. What does deployment refer to?

- Deployment refers to **releasing the software to users**.

175. Which stage comes last in the software development process?

- **Maintenance** stage comes last in the software development process.

176. What is primarily discussed during the planning stage?

- **Requirements and project scope** are primarily discussed during the planning stage.

177. What can prompt updates in the maintenance phase?

- **Bug reports and user feedback** can prompt updates in the maintenance phase.

178. Which stage is focused on the actual writing of the software?

- **Development/Coding** stage is focused on the actual writing of the software.

179. What is a key aspect of the testing stage?

- **Finding and fixing bugs** is a key aspect of the testing stage.

180. In the context of software development, what does maintenance ensure?

- Maintenance ensures **the software continues to work properly**.

181. What does "heating up" refer to?

- "Heating up" refers to **rising temperature**.

182. What are "fossil fuels"?

- "Fossil fuels" are **energy sources like coal, oil, and gas**.
